

10/547532

FIG. 1

A

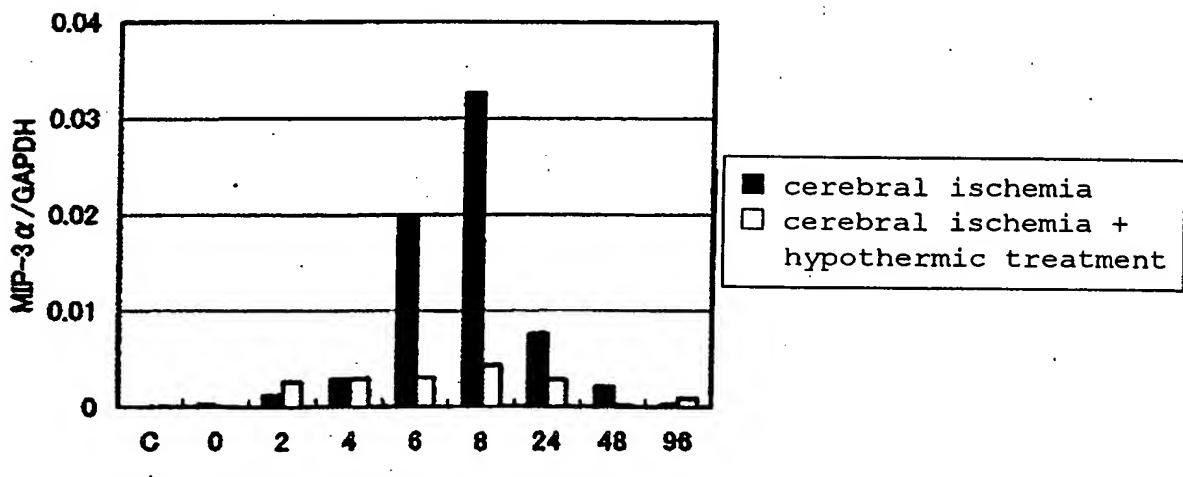

center of infarction lesion

* C: control, cDNA derived from brain of untreated rat

B

periphery of infarction lesion

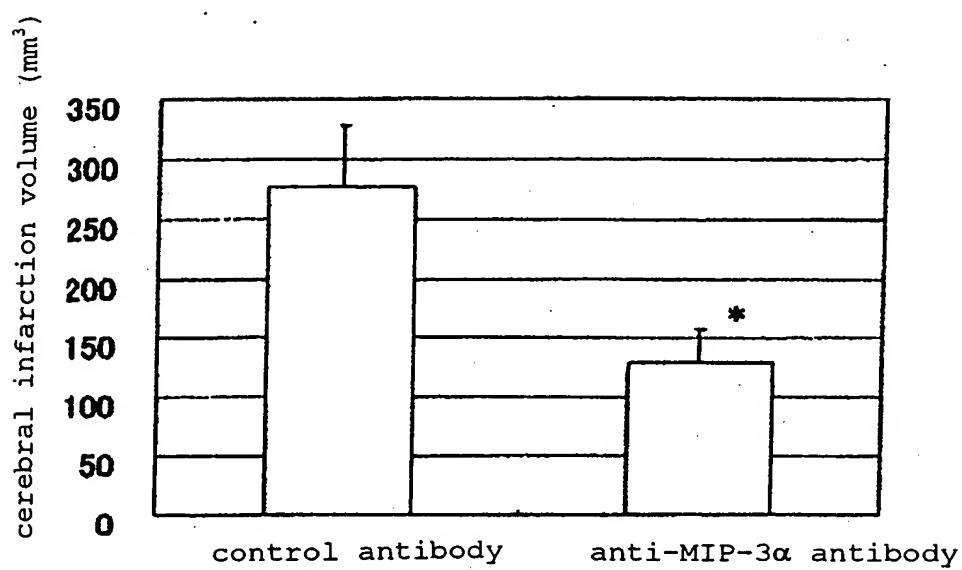

* C: control, cDNA derived from brain of untreated rat

10/547532

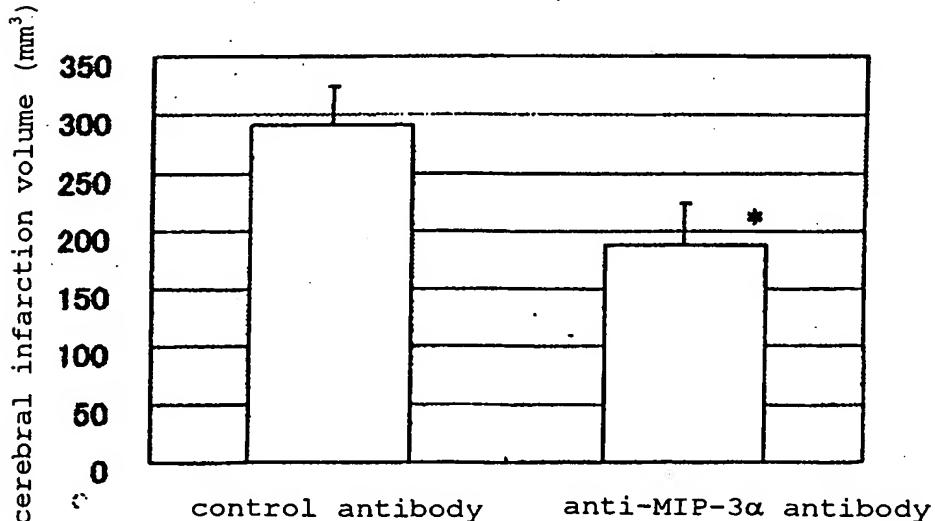

FIG. 2

A

* P<0.05: versus control antibody group
(in Student's t-test)

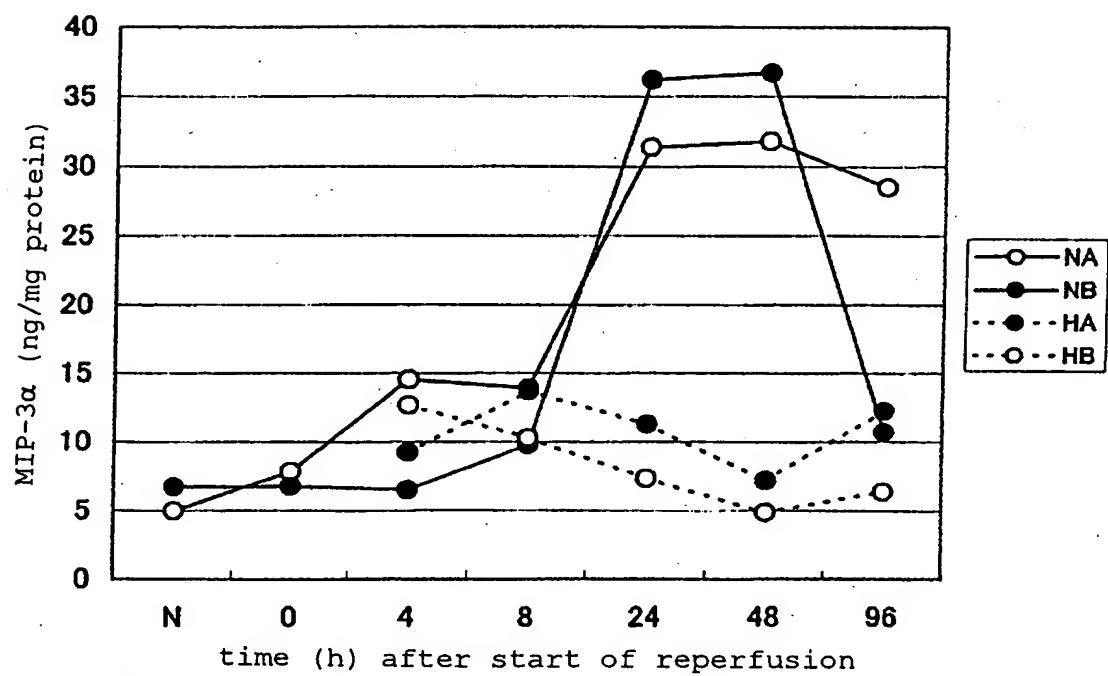

B

* P<0.05: versus control antibody group
(in Student's t-test)

10/547532

FIG. 3

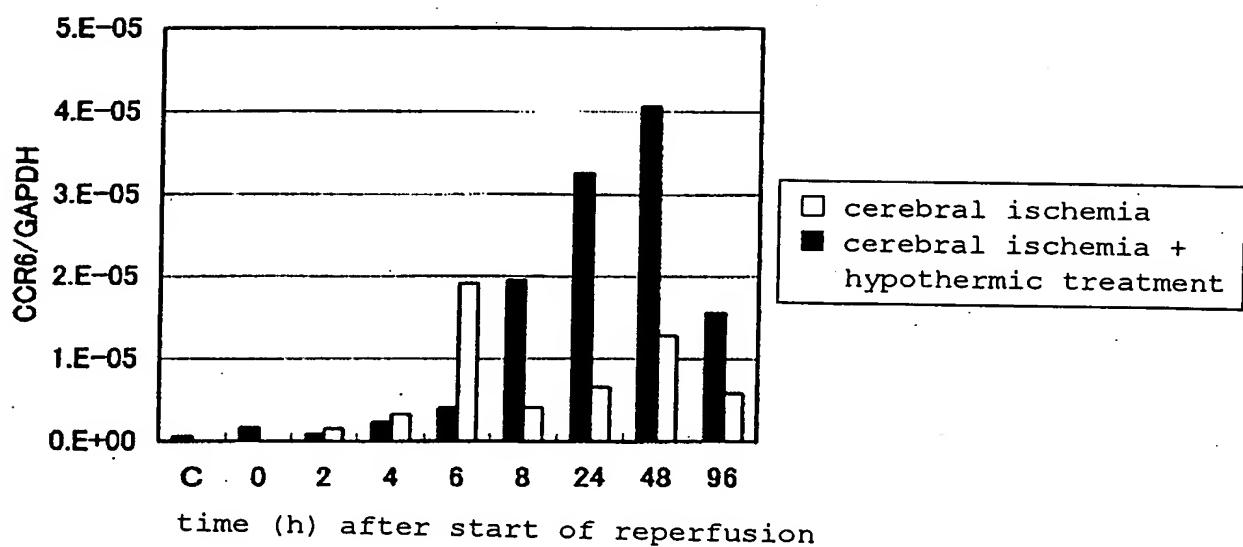

10/547532

FIG. 4

A

center of infarction lesion

B

periphery of infarction lesion
